

AMENDMENTS TO THE SPECIFICATION

On page 7 at line 3, immediately prior to the "Description of the Preferred Embodiments," please amend the specification to include a "Brief Description of the Drawings" section as follows:

BRIEF DESCRIPTION OF THE DRAWINGS

Figure 1. Reaction scheme for production of *cis*-resveratrol (10).

Figure 2. Reaction scheme for production of 3-hydroxy-4',5-dimethoxystilbene (14g,h).

Figure 3. Reaction scheme for production of sodium resverastatin phosphate (14n).

Figure 4. Reaction scheme for production of 4'-hydroxy-3,5-dimethoxybenzhydrol (15c).

Figure 5. Chemical structures of resveratrol (1), combretastatin A-4 (2a), combretastatin A-4 sodium phosphate prodrug (2b), and phenstatin (2c).
